20 years ago (1995) the documentary **Graffiti Verite': Read the Writing on the Wall** was released. It was produced and directed by filmmaker Bob Bryan. The objective was to document the diverse & complex Graffiti Art movement on the West Coast, Los Angeles, California. We exceeded our expectations!

Graffiti Verite' became a Multi Award-Winning *cultural tour d'force*. A definitive statement that spoke of Graffiti as a legitimate Artistic expression had now arrived on the Art Scene and could no longer be ignored, berated or relegated to the fringes of polite Art society.

“**Graffiti Verite's** Bob Bryan continues to prove that beauty is in the eye-of-the-beholder. **Graffiti Verite'** the incisive documentary on the lives of Los Angeles Graffiti Artists, blew up like no other Graffiti video to date, leaving behind an unprecedented trail of award recognition, media exposure and education about the Art Form.

Bob Bryan, director, producer and director of photography on the film, accomplished what no other videographer had yet been able to do: create a graffiti documentary with mainstream crossover appeal.”

R E V I E W S

"I loved GV27 REDUX! Graffiti Verite' was and is still visionary in its distinction. While others awaited its avowal, this film documented the movement. Produced by Bob Bryan, Graffiti Verite' declared itself a new sign of a language in teleological purpose."

--- El Fatom, Street Artist

"People become Artists as a defense against unfair circumstances. It's beautiful too, because other people relate and connect with the Art and that brings closure to everyone involved."

--- Suburban Truth, Emcee

"Takes me back to when I was 15. Classic footage right here. GV1 will always have value to me and the entire LA graffiti culture. It documented a time in history that paved the way for the graffiti movement we see today."

--- Aerosol Fiends
