PRISM

A New Book *by* Author & Multi Award-Winning
Filmmaker Bob Bryan

Los Angeles, CA -- Bryan World Press. This so-called diary memoir is decidedly out-of-order and was subject to a cheeky collection and exhumation process.

I began writing **PRISM** bit by bit years ago with zero intention of it ever being published and making a public tool out of myself by sharing my intimate private thoughts and repetitive obsessive reveries with others.

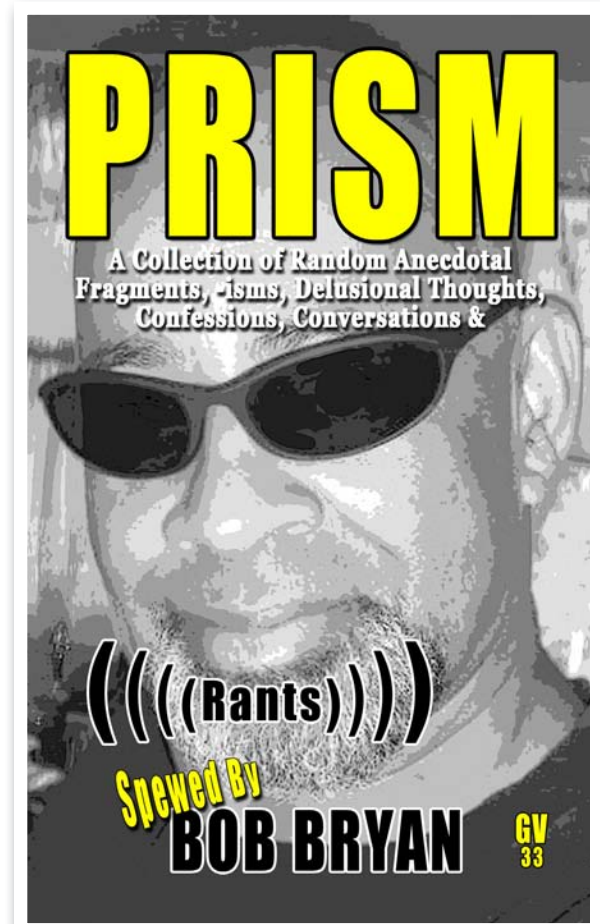

Regardless, **PRISM** was cobbled together rather quickly (*out of fragmented cloth*) from a whimsical idea which sole purpose was to communicate, document and share a snapshot of my fungible mental landscape with a distressed distant loved one who has "lost his way" and does not really know me or understand my *raison d'être*.

I'm hoping this 'memoir intervention' somehow helps to inspire him to Respect his own discordant mindscape and get him back on track to focus upon his Unlimited Potential. There is still time! If **PRISM** positively impacts anyone else, that's just collateral damage!

So from that declared locus, here we are...

Now you see me;

Now you don't!
